REMOVAL AND INSTALLATION

S.G.N.

7870-00

FRONT BUMPER ASSEMBLY

Preceding work

- Disconnect the negative battery cable.
- Remove the front wheel.

1. Remove the 4 front under cover mounting screw rivets (A) and 4 LH/RH wheel house cover mounting screw rivets (B).

2. Remove the 10 wheel house cover mounting screw rivets.

Modification basis	
Application basis	
Affected VIN	

BODY EXTERIOR

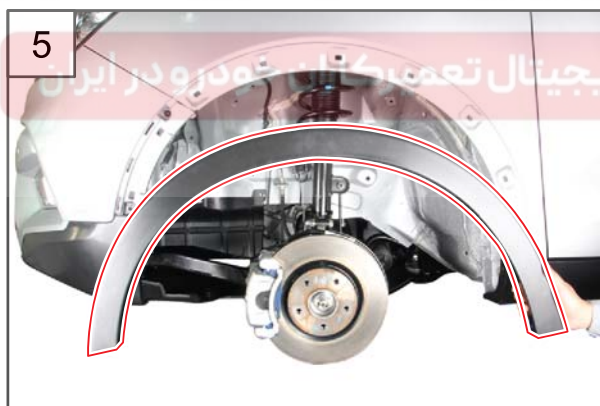

TIVOLI 2015.03

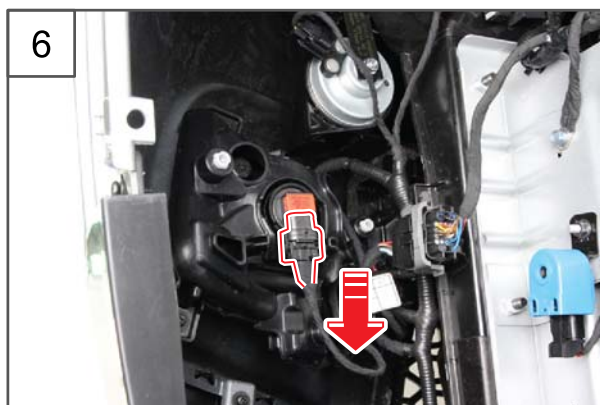

3. Remove the LH/RH front wheel house covers.

4. Press the 7 front wheel arch garnish fixing keys with a plier to remove it from the wheel house in the fender.

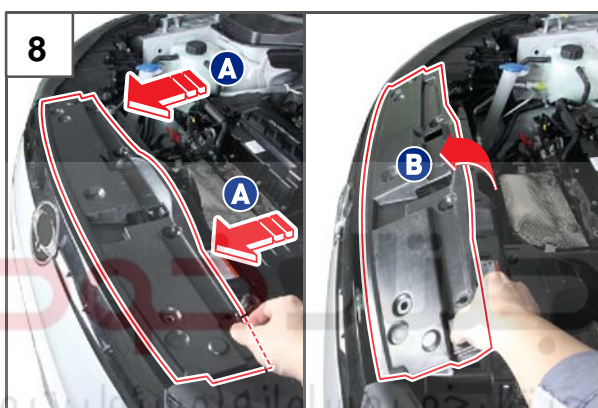

5. Remove the LH/RH front wheel arch garnishes.

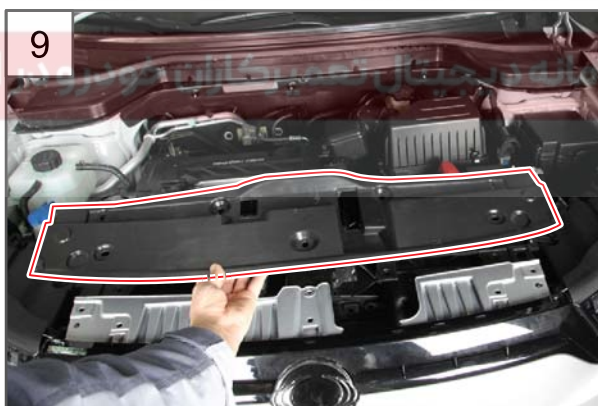

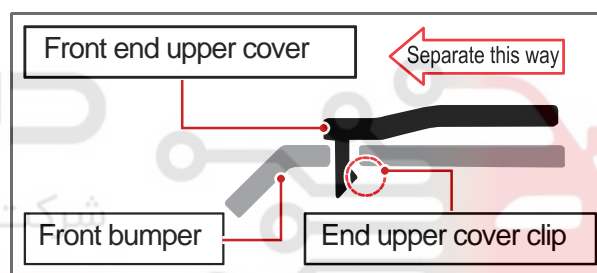

6. Disconnect the front bumper LH/RH fog lamp connectors.

7. Remove the 7 mounting screw rivets securing the front end upper cover.

8. Push the front end upper cover to the arrow (A) direction, lift the rear side a little to the arrow (B) direction and remove the end upper cover clip.

9. Remove the front end upper cover.

10. Unscrew the 3 front bumper upper mounting bolts (10 mm).

Modification basis	
Application basis	
Affected VIN	

BODY EXTERIOR

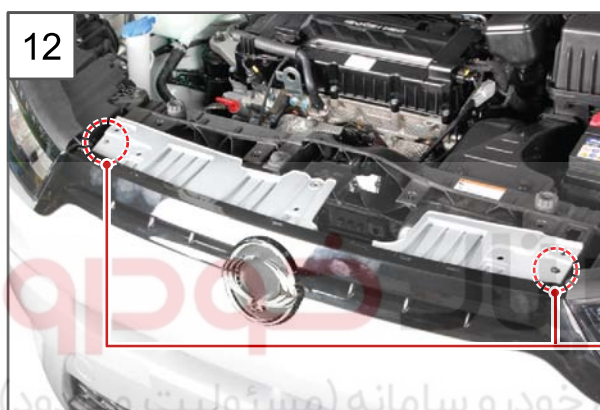

TIVOLI 2015.03

11. Pull the LH/RH front bumper upper fascia to remove it from the front bumper side bracket.

CAUTION

Do not apply an excessive force to detach the front bumper fascia.

12. Lift out the upper section of the front bumper from the front bumper mounting (A) at the headlamp.

13. Remove the front bumper and disconnect the LH/RH front parking aid sensor connectors (B) from the back side of the bumper.

CAUTION

Do not pull off the front bumper excessively as this may damage the front parking aid sensor bracket.

14. Remove the front bumper assembly.

15

15. Install in the reverse order of removal.
