Instrument cluster circuit diagram

- E03_PA-instrument cluster connector 32 holes blue
- D12-brake fluid sensor connector 2 holes black
- D18_PA-hand brake switch 1 hole black
- S03-oil pressure sensor 1 hole black
- D16_P1A safe belt lock connector of the driver 2 holes white
- X06_AD Y06_PD-dashboard wiring harness splicing to engine compartment wiring harness 20 holes blue
- X06_AB Y06_PB-dashboard wiring harness splicing to engine compartment wiring harness 20 holes white
- X07_EA Y07_AA-engine compartment wiring harness splicing to EFI wiring harness 42 holes
- G30_P-ground point on the airbag
- G09_A-ground point on the LF shock absorber in the engine compartment
- G03_P-ground point on the left pillar-A
